Laser Distance Measuring Unit WDM 3-12

P.Qty. 1

Art.No. 5709 300 508

The WDM 3-12 is a high precision laser distance measuring unit with technical specifications (accuracy ± 1.0 mm, range 80 m) which extensively fulfils the new ISO standard 16331-1.

Large illuminated display

Extremely rugged, handy device

- Impact protection provided by extra thick soft components
- IP65 (dust-tight and protected against water jet from all directions)

Automatic detection of end piece position

- Enables measuring from slots and corners
- Precise measurement using a corner stop

Tripod screw

Includes: Protective pouch with belt loop and 2 x 1.5 V AAA batteries

Functions:

Area calculation, volume calculation, room dimensions, tracking (continuous measurement, Pythagoras, stake-off function, timer and 10 memory places.

1 year warranty

Laser Distance Measuring Unit WDM 5-12

P.Qty. 1

Art.No. 5709 300 510

The WDM 5-12 is a high precision laser distance measuring unit with technical specifications (accuracy ± 1.0 mm, range 100 m) which extensively fulfils the new ISO standard 16331-1.

Large illuminated display

Compass

360° inclinometer for levelling, measuring of roof slopes or inclines

Extremely rugged, handy device

- Impact protection provided by extra thick soft components
- IP65 (dust-tight and protected against water jet from all directions)

Automatic detection of end piece position

- Enables measuring from slots and corners
- Precise measurement using a corner stop

Tripod screw

Includes: Protective pouch and 2 x 1.5 V AAA batteries

Functions:

Area calculation, volume calculation, room dimensions, tracking (continuous measurement), Pythagoras, stake-off function, timer, 20 memory places and compass.

1 year warranty

INSTALLATION & ERECTION

PPE

Head Protection - Hearing Protection - Face and Eye Protection - Respiratory Protection - Hand Cleaner - Gloves - Body and Foot Protection - First Aid

Laser Distance Measuring Unit WDM 8-14

P.Qty. 1

Art.No. 5709 300 515

The WDM 8-14 is a high precision laser distance measuring unit with technical specifications (accuracy ± 1.0 mm, range 200 m) which extensively fulfils the new ISO standard 16331-1.

Large illuminated colour display

- Takes highly precise measurements, even with solar radiation present
- Built in colour camera enables digital target acquisition
- Viewfinder with 4x zoom

Many indirect measurement options possible with 360° inclination sensor

IP 54 protected against dust and sprayed water

Tripod screw

Transferring data to iPhones, iPads and Android devices.

- Thanks to the Bluetooth Smart function, measured values can be transmitted to iPads, iPhones and Android devices using the free Würth app.

Includes: Protective pouch with belt loop and 2 x 1.5 V AA batteries

Functions:

Minimum/maximum measurement, area/volume, triangle/solid angle, trapezoidal measurement, Pythagoras, tracking/inclination, height profile measurement, stake off function, addition/subtraction, calculator.

1 year warranty

Laser Vision Goggles

P.Qty. 1

Art.No. 5709 300 915

Optimum visibility of laser lines and dots even in bright ambient light or over long distances.

- Suitable for all visible red lasers in class 2
- With red lenses
- Notice - these are not safety glasses

Tripod

P.Qty. 1

Art.No. 0714 649 210

- 1/4" screw for distance meters and line lasers
- Minimum working height: 63.5 cm
- Maximum working height: 170 cm

Pocket Tape Measure Metric/Inch

P.Qty. 1

5 m - Art.No. 0714 64 575

8 m - Art.No. 0714 64 578

- Tape measure with millimetre and inch graduation.
- Plastic housing
- Removable belt clip
- Can be extended a long way before bending
- Automatic tape stop after pulling out the tape
- An end stop cushions the steel tape when rolled in
- Yellow nylon coated steel tape with cm/mm and inch graduation

Pocket Tape Measure Metric

P.Qty. 1

5 m - Art.No. 0714 64 512

7 m - Art.No. 0714 64 513

- Plastic housing - Low weight and no corrosion
- The steel tape is cushioned via an end stop when rolled up - This prolongs the service life of the tape
- Yellow-painted steel tape with cm/mm pitch and moving try square
- Extremely sturdy
- Due to the curve of the steel tape, it bends very late when extended
- With removable belt clip and plastic loops

INSTALLATION & ERECTION

Tools - Anchoring - Assembly

PPE

Head Protection - Hearing Protection - Face and Eye Protection - Respiratory Protection - Hand Cleaner - Gloves - Body and Foot Protection - First Aid

Vernier Caliper

P.Qty. 1

Torque Fixing - Art.No. 0715 76 01

Locking Screw - Art.No. 0715 76 02

- Thread table on the rear
- Stainless steel
- Depth scale on the calliper
- Supplied in elegant case
- DIN 862
- Min./max. length measuring range: 0-150 mm
- Vernier scale (imperial): 1/128 inch
- Vernier scale: 0.05 mm
- Length of jaw: 40 mm

Digital Goniometer DWM 350

P.Qty. 1

Art.No. 0715 641 91

Short digital goniometer

- No measurement error due to slanted positioning
- Horizontal and vertical level
- Good readability
- Large digital display field
- Additional lighting can be switched on in poorly lit areas
- Easy to use

EASY TO READ

White painted steel tape with millimetre pitch and metre count in red font on the front.

Roll Tape Measure 30 m

P.Qty. 1

Art.No. 0714 64 54

- Steel design in wear-resistant palatal case
- Start of tape made from stainless steel
- No corrosion and long service life of the tape

PREPARATION

Measuring & Marking

Road Marker 600 ml

P.Qty. 1

White - Art.No. 0893 199 201

Yellow - Art.No. 0893 199 202

Red - Art.No. 0893 199 203

Neon Blue - Art.No. 0893 199 204

Neon Green - Art.No. 0893 199 205

Marking spray with safety closure for marking on construction sites.

- Ideal for writing
- Quick drying time
- High abrasion resistance
- Fine and accurate jet of paint
- Weather-resistant & frost-proof

PRODUCTION

Cutting & Sawing - Surface Preparation - Drilling, Milling & Tapping - Power Tools - Welding -

CHALK LINE REEL WITH GEAR RATIO

P.Qty. 1

Art.No. 0713 70 220

Very light, extremely impact-resistant

- Very light, extremely impact-resistant
- Magnesium die-cast housing

Stainless steel belt clip

Cord reels in rapidly

With ratio 5:1

Cord rapidly extracted

Cord can be extracted in neutral by pushing the handle.

Safe storage

Hook fixture in housing.

Powdered Chalk 300 g

P.Qty. 1

Blue - Art.No. 0713 70 08

Yellow - Art.No. 0713 70 081

Red - Art.No. 0713 70 082

Fine calcium carbonate powder for general work indoors and outdoors.

INSTALLATION & ERECTION

Tools - Anchoring - Assembly

PPE

Head Protection - Hearing Protection - Face and Eye Protection - Respiratory Protection - Hand Cleaner - Gloves - Body and Foot Protection - First Aid

Markal Pro-Line Hp Paint Marker

P.Qty. 1

White - Art.No. 0967 910 843

Yellow - Art.No. 0967 910 844

- Superior marking performance on oily and greasy surfaces.
- The high performance paint penetrates through oils and greases to dry quickly and leave a bold, permanent mark that is wear, weather, and fade-resistant.

Oil Marking Chalk

P.Qty. 12

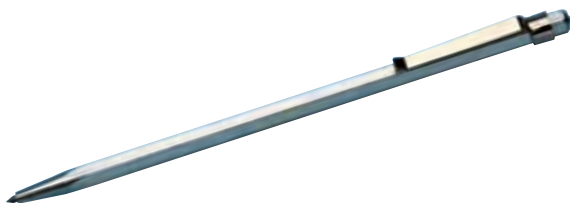

White - Art.No. 0984 400 1

Yellow - Art.No. 0984 400 2

Red - Art.No. 0984 400 3

Blue - Art.No. 0984 400 4

- For wood, cardboard, textiles, cold and warm iron
- Hexagon, unwrapped

Scriber With Clip

P.Qty. 1

Art.No. 0714 70 09

- Carbide equipped
- Retaining clip
- Length: 150mm

CUTTING & GRINDING

Long-Life & Speed Cutting Disc

P.Qty. 25

115 x 1 mm - Art.No. 0664 631 150

High tech cutting disc for speedy cutting of large volumes with large safety buffer.

- Minimal burr formation
- Up to 30% less cutting dust
- Up to 50% more cuts possible
- Low vibrations, cutting noise and sparks
- Free of iron, chlorine and sulphur
- Prevents kick back effect and jammed discs, even in extreme applications

Speed Cutting Disc For Stainless Steel

P.Qty. 25

115 x 1 mm - Art.No. 0664 131 150

P.Qty. 1/25

230 x 1.9 mm - Art.No. 0664 132 301

Especially for thin walled pipes and profiles and thin metal sheets.

- Low cutting waste and dust formation
- Low noise development and high break resistance
- Extremely thin for precise, virtually burr and chatter-free cuts
- Very comfortable operation available to protect the user and machine
- Extreme cutting capacity (very short cutting times) with long service life

Cutting Disc For Stainless Steel

P.Qty. 1/25

115 x 1 mm - Art.No. 0669 131 150

Especially for thin walled pipes and profiles and thin metal sheets.

- Low cutting waste and dust formation
- Low noise development and high break resistance
- Extremely thin for precise, virtually burr and chatter-free cuts
- Very comfortable operation available to protect the user and machine
- Extreme cutting capacity (very short cutting times) with long service life

Tyrolit Basic Cutting Disc For Steel 350 x 3 x 25.4 mm

P.Qty. 1

Art.No. 0669 003 553

INSTALLATION & ERECTION

Tools - Anchoring - Assembly

PPE

Head Protection - Hearing Protection - Face and Eye Protection - Respiratory Protection - Hand Cleaner - Gloves - Body and Foot Protection - First Aid

Long Life Steel Grinding Disc

P.Qty. 1/25

115 x 7 mm - Art.No. 0670 161 157

P.Qty. 1/10

180 x 8 mm - Art.No. 0670 161 808

230 x 8 mm - Art.No. 0670 162 308

Especially long service life combined with high removal rates.

- Synthetic resin-bonded, fibre-reinforced high-performance roughing wheels
- For freehand grinding with electric or pneumatic angle grinders
- Extremely low susceptibility to breakage
- Minimal dimension and imbalance tolerances
- Cranked design

Bi-Metal Saw Blade HSS 300 x 13 x 0.65 mm

P.Qty. 10/50

24 TPI - Art.No. 0603 300 13

32 TPI - Art.No. 0603 300 133

No saw blade offers more cutting performance and flexibility.

- Specialist steels: High-alloyed, high-speed steel on tooth edge, tough tool steel on ridge.
- Tooth edges of fully hardened material make for unbeatable cutting performance and service life.
- Work faster, longer and more economically with only one saw blade.

Jigsaw Blade Metal 91 x 1 mm

P.Qty. 1 = 5 blades

Wide blade - Art.No. 0608 115 93

Thin blade - Art.No. 0608 115 94

High-quality jigsaw blade.

Extremely fast and clean cut

Multi blade with progressive tooth pitch for thin and thick materials

High-performance saw blade

High cutting capacity and long service life

Excellent cutting results

Optimal combination of material, tooth pitch and saw blade.

GRINDING DISCS & BLADES

PREPARATION

Measuring & Marking

115 mm Slotted See-Through Disc

P.Qty. 10

40 Grit - Art.No. 0578 811 540

P.Qty. 1/10

60 Grit - Art.No. 0578 811 560

80 Grit - Art.No. 0578 811 580

Good view "through the disc" and therefore of the material being processed. Fantastically cool and even grinding results. Ideal for processing thin metal sheets.

- Reduction of processing faults
- Prevents undesired excessive grinding
- Better surface quality as a result of more targeted work
- Reduction of temperature on the surface prevents undesired blue colouring of the workpiece
- Domed Zirconium corundum disc

PRODUCTION

Cutting & Sawing - **Surface Preparation** - Drilling, Milling & Tapping - Power Tools - Welding - Painting & Protection - Packing & Transport

115 mm Domed Ceramic Longlife Flap Disc For Stainless Steel

P.Qty. 10

40 Grit - Art.No. 0578 430 314

60 Grit - Art.No. 0578 430 316

Domed angle self sharpening Ceramic Longlife Flap Disc for Stainless Steel.

Compared to conventional flap discs

- Up to four times longer service life
- Extremely high rate of material removal
- Finer and more uniform surface quality

Ceramic grinding grain with grinding-active topcoat

- Very cool grinding
- Extremely cool grinding
- Extremely long service life
- No discolouration of material

Ideal for the processing stainless steel, high-alloy steels, nickel-based alloys and titanium alloys.

115 mm Straight Zirconium Flap Disc For Stainless Steel

P.Qty. 100

40 Grit - Art.No. 0579 430 315

60 Grit - Art.No. 0579 430 317

80 Grit - Art.No. 0579 430 319

P.Qty. 10

120 Grit - Art.No. 0579 430 311

Zirconium Flap Disc for Stainless Steel.

Zirconium abrasive cloth

- Long service life
- High rate of material removal
- Self-sharpening

Ideal for the processing Stainless steel sheets, non-alloyed special steels, alloyed and high-alloy steels, rust and acid-proof steels, chrome-nickel steels.

Turn to **Page 18** for high quality power and hand held tools!

HIGH QUALITY FLAP DISCS

Up to four times longer service life

INSTALLATION & ERECTION

Tools - Anchoring - Assembly

PPE

Head Protection - Hearing Protection - Face and Eye Protection - Respiratory Protection - Hand Cleaner - Gloves - Body and Foot Protection - First Aid

Segmented Grinding Disc One Step Finish (OSF) 125 mm

P.Qty. 1/10

Art.No. 0585 580 328

The One Step Finish (OSF) disc for direct use on speed-controllable angle and fillet seam grinders offers a combination of fast material removal and perfect surface quality in the pipe area.

Ideal for welding seam removal and finish grinding in one work step

3 in 1

1. Grinding welding seams 2. Blending 3. Finish grinding

115 mm Ceramic Fibre Disc

P.Qty. 25

40 Grit - Art.No. 0580 911 540

60 Grit - Art.No. 0580 911 560

Vulcanised fibre disc for a high removal rate with low contact pressure needed for steel and stainless steel.

- Long service life
- Low contact pressure needed
- High removal rate with cool sanding

115 mm Zirconia Fibre Discs

P.Qty. 50

36 Grit - Art.No. 0580 511 536

60 Grit - Art.No. 0580 511 560

Tear resistant tough sanding disc.

- Cool sanding
- Self sharpening
- Uniform removal rates

Fleece Segmented Grinding Discs 115 mm

P.Qty. 10

Blue / Fine / Grit size: 280

Art.No. 0585 311 524

Red brown / Medium / Grit size: 180

Art.No. 0585 311 518

Brown / Coarse / Grit size: 100

Art.No. 0585 311 510

For direct use on angle grinders. For cleaning and polishing non-alloyed and high-alloy steels, aluminium and non-ferrous metals.

Nylon Sanding Fleece 152 x 230 mm

- Suitable for hand and machine use
- No Hook and loop coating, grain 1000 adheres to hook and loop plate.

Colour/Grit	P.Qty.	Art.No
Brown - extra cut	20	0585 450 80
Green - general purpose		0585 450 281
Red - medium		0585 45 180

the assortment set
5964 062 400

HSS Drill Bit - Zebra - 5 mm

P.Qty. 10

Art.No. 0624 000 500

Assembly drill bit for precise working in steel, tip angle 130°.

- Split point for self centring drilling
- For deep drilling to approx 5x diameter
- Significantly longer service life - Due to the HC (High Speed Cutting) edge
- Drill sizes Ø 13.0 mm + the drill shank has been reduced to Ø 12.7 mm

PRODUCTION

Cutting & Sawing - Surface Preparation - **Drilling, Milling & Tapping** - Power Tools - Welding - Painting & Protection - Packing & Transport

HSS Titanium Drill Bit - Zebra - 5 mm

P.Qty. 10

Art.No. 0624 020 500

Titanium nitride-coated assembly drill bits for precise work in steel, tip angle 130°.

- Split point for self centring drilling
- For deep drilling to approx 5x diameter
- Significantly longer service life - Due to the titanium nitride coating and the HC (High Speed Cutting) edge
- Drill sizes Ø 13.0 mm + the drill shank has been reduced to Ø 12.7 mm

HSCo Drill Bit - Zebra - 5 mm

P.Qty. 1

Art.No. 0626 50

Specially designed for stainless steel.

- Technical features
- Tip angle 130 °
- Cone polished section
- Split point for self centring drilling
- For deep drilling to approx. 3x diameter
- 5% cobalt

**HIGH QUALITY
DRILLS**

Double Ended Drill Bit HSS WN Type RN 5 mm

P.Qty. 1/10

Art.No. 0636 50

Assembly drill bit for working in thin-sheet steel, tip angle 118°.

- Highly precise drilling
- Split point for self-centring drilling

INSTALLATION & ERECTION

Tools - Anchoring - Assembly

PPE

Head Protection - Hearing Protection - Face and Eye Protection - Respiratory Protection - Hand Cleaner - Gloves - Body and Foot Protection - First Aid

Drill Hole Ink Marker Black

P.Qty. 5

Art.No. 0967 909 901

- Fast-drying, making them ideal for left-handers.
- Adhere even to coated surfaces (nano-coating) and are ideal for outdoor applications.
- Excellent resistance to smearing and water on virtually any surface
- Light and weather-resistant (black only)
- Extra-long, narrow nozzle (drilled hole marker only)

82 pcs HSS Drill Bit Set - Zebra

P.Qty. 1

Art.No. 5964 062 400

82 piece Zebra HSS set in ORSY system case.

Set includes drill bits from 2 - 10 mm:

3 x 6.5, 6.8, 7, 7.5, 8, 8.5, 9, 9.5 & 10 mm

5 x 2, 2.5, 3, 3.3, 3.5, 4, 4.2, 4.5, 5, 5.5 & 6 mm

HSS Core Drill Bits

P.Qty. 1

30 x 14 mm - Art.No. 0630 930 140

For use on mobile magnetic core drills or stationary drills for finishing large holes up to diameter 50mm. Fits most standard magnetic drills.

- High performance and rapid drilling progress with a long service life
- No pre-drilling required, no formation of burrs
- No pre- or post-processing required
- Long service life compared to other conventional core drill bits
- Suitable for overlap drilling, problem-free drilling on curved surfaces and pipes.

Cobalt HSS Co8 Core Drill Bits

P.Qty. 1

30 x 14 mm - Art.No. 0630 030 140

Cobalt HSS Co8 core drill bits.

- Longer cutting life in mild steel
- Improved performance in more exotic materials
- Increased wear resistance although slightly more brittle

Don't forget your CUT+COOL drilling and cutting oil. 400 ml

BLUE RING

Blue Ring for general steels up to 1000 N/mm² strength, construction and case-hardened steels, cast steel, nodular cast iron and malleable cast iron

Drilling,
Tapping &
Countersinking
All in one!

Combi Screw Tap Assortment 7 pcs M3-10

P.Qty. 1

Art.No. 0653 971

Ground precision tool for drilling, thread cutting and countersinking in one step.

7 pieces

Contents: M3, M4, M5, M6, M8, M10 and bit holder.

Use in drills with clockwise/anti-clockwise rotation such as:

Stationary drills
Hand drills
Cordless drills

Suitable for

Through holes in steel, non-ferrous metals and plastics up to 1 x d (M6 = 6 mm material thickness)

PRODUCTION

Cutting & Sawing - Surface Preparation - **Drilling, Milling & Tapping** - Power Tools - Welding - Painting & Protection - Packing & Transport

Green Ring - Machine Tap - Through Hole Assortment 14pcs

P.Qty. 1

Art.No. 0655 01

Through hole notch shape B (through hole) up to M10 DIN 371, from M12 DIN 376.

Green Ring - Machine Tap - Blind hole Assortment 14pcs

P.Qty. 1

Art.No. 0655 1

Blind hole notch shape C (blind hole) up to M10 DIN 371, from M12 DIN 376.

Tin Countersink Assortment 6 pcs

P.Qty. 1

Art.No. 0694 020 01

Titanium nitride for high cutting speed and optimal service life.

6 pieces

1 each of Ø 6.3 mm, 8.3 mm, 10.4 mm, 12.4 mm, 16.5 mm and 20.5 mm.

- 90°, three cutting edges
- DIN 335 shape C (round shank)

HSCo Countersink Assortment 6 pcs

P.Qty. 1

Art.No. 0694 019 01

Green ring for alloyed/high-alloyed steel, rust-resistant and acid-resistant steel.

6 pieces:

1 each of Ø 6.3 mm; 8.3 mm; 10.4 mm; 12.4 mm, 16.5 mm; 20.5 mm

90°, three cutting edges

DIN 335 shape C (round shank)

Cutting & Drilling Oil - Cut & Cool 400 ml

P.Qty. 1/12

Art.No. 0893 050 004

Multi cutting oil for light to medium machining work.

- Protects tools
- Excellent protection against corrosion
- Free from silicone, chlorine, resin and acids
- Provides sustained protection against rust and corrosion from re-forming

Drilling & Cutting Foam - Cut & Cool 400 ml

P.Qty. 1/6

Art.No. 0893 050 007

High performance cutting foam for all machining work.

- Suitable for horizontal and overhead applications due to highly-adherent oil foam
- Washes off with water
- Excellent cooling effect and strong adhesive force
- Good performance allowing high cutting speeds and low tool wear

PRODUCTION

Cutting & Sawing - Surface Preparation - Drilling, Milling & Tapping - **Power Tools** - Welding - Painting & Protection - Packing & Transport

230 mm Grinder 110V

P.Qty. 1

Art.No. 0702 170 106

- Powerful 1900W motor
- Excellent overload durability
- Three position side handle
- Spindle lock
- 1 year warranty

115 mm Grinder 110V - G12SS

P.Qty. 1

Art.No. 0702 115 110

- Powerful 580W motor
- Excellent overload durability
- Compact and light weight
- Top mounted on/off switch
- 1 year warranty

115 mm Angle Grinder EAG 11-115-C

P.Qty. 1

Art.No. 5707 011 0

Powerful 720 W angle grinder with a 115 mm protective cover and restart protection. Ideal for simple grinding and cutting.

- Restart protection
- The angle grinder will not restart unintentionally following an interruption to the power supply, significantly reducing the risk of injury.
- Lightweight and handy
- Difficult-to-reach areas are entirely accessible
- Long service life
- The specially developed air vents cool the motor down optimally. Automatic cut-off carbon brushes protect the motor and ensure a longer service life.
- Twist-proof protective hood
- **Dont forget a converter plug! Art.No 0702 177 05**

240 mm Angle Grinder EAG 24-230

P.Qty. 1

Art.No. 0702 446 10

2400- watt angle grinder for discs with max 230 mm diameter.

- Soft start, recoil protection, restart protection and overload protection
- Optimised dust-protection and twist-proof protective hood
- Vibration damping on both handles
- Justable without tools, for rapid and effective work
- **Dont forget a converter plug! Art.No 0702 177 05**

INSTALLATION & ERECTION

Tools - Anchoring - Assembly

PPE

Head Protection - Hearing Protection - Face and Eye Protection - Respiratory Protection - Hand Cleaner - Gloves - Body and Foot Protection - First Aid

115 mm Cordless Angle Grinder EWS 18V - 2 x 4Ah Batteries

P.Qty. 1

Art.No. 0700 235 3

Handy battery-powered angle grinder for mobile applications up to a disc diameter of 115 mm.

- Four-pole motor
- Can be operated with only one hand
- Interchangeable batteries with other 18V Würth tools
- Overload and restart protection for added safety when working

Includes

2 x high powered 4Ah Lithium-ion batteries with charge indicators, locking wrench, handle, charging unit and case!

Note: Don't forget a converter plug! For your charging unit (Art. No. 0702 177 06)

* 3 Year warranty only covers manufacturing and material defects

Blade for cordless metal hand-held circular saw MHKS 28-A - 174 x 52 teeth x 20 mm

0610 917 452

Cordless Metal Hand-Held Circular Saw MHKS 28-A

P.Qty. 1

Art.No. 5700 802 3

High-performance 28-V cordless metal hand held circular saw.

- Low weight
- Engine brake, to reduced risk of injury
- Spindle locking for simple, fast saw blade changes
- Interchangeable batteries with other 28V Würth tools

Includes

Art No. 5700 802 3 (Includes 2 high powered 3Ah Lithium-ion batteries with charge indicators, 1 circular saw blades, charging unit and storage case).

Note: Don't forget a converter plug! For your charging unit (Art. No. 0702 177 06)

* 3 Year warranty only covers manufacturing and material defects

Technical details

Cutter capacity: 12-35 mm
Twist drill capacity: 13 mm
Chuck: 1/2"
No load speed: 450 rpm
Stroke: 105mm
Voltage: 110 v
Power consumption: 1050 w
Clamping force: 800 kg
Dimensions: L 270 x W 330 x H 110 mm
(165mm inc. handles)
Magnetic footprint: 160 x 80 mm
Weight: 11.6 kg

Magnetic Core Drill BGM35 110v

P.Qty. 1

Art.No. 8709 200 1

Magnetic drilling machine for quick, clean and accurate holes in metal.

- Compact - easily manoeuvrable
- Lightweight - great for site work
- Powerful - drills up to 35 mm dia.
- Adjustable reach - for twist drills and deeper holes
- Comes in a case
- 1 year warranty

18v Drill BS 18-A EC Compact 2 x 4Ah Batteries

P.Qty. 1

Art.No. 5700 507 2

Lightweight, powerful lithium-ion battery screw driller for medium-duty screwing and drilling work.

- Precision torque limiter
- LED light on the battery socket
- Anti-recoil protective function
- Efficient, low-maintenance, brushless EC motor
- Highly compact, ergonomic and lightweight design
- 13 mm metal drill chuck with soldered carbide clamping jaws. The extra-tough clamping jaws grip hard in the shank of the drill.

Non-Revolving 25 m Plastic Cable Drum

P.Qty. 1

110v - Art.No. 0774 025 22

240v - Art.No. 0774 025 12

Non-revolving 25 metre IP 20 rated cable drum measuring 19 x 25 x 33cm.

Automatic Cable Reel 16 m

P.Qty. 1

110v - Art.No. 0774 111 016

240v - Art.No. 0774 124 016

- Mountable on a wall or ceiling for workshop use
- 16m durable rubber-neoprene cable
- Automatic cable rewind function
- Suitable for use in dry interior rooms
- 2 m cable for plugging into power supply

Portable Cee 110V Transformer

P.Qty. 1

Art.No. 0774 110 241

Portable 110v 3.3KVA Transformer * 2 Output Sockets
* 2000 mm cable length

Rod Electrode Universal Blue

P.Qty. 300

2.5 x 350 mm - Art.No. 0982 251

P.Qty. 190

3.2 x 350 mm - Art.No. 0982 325 1

P.Qty. 120

4 x 350 mm - Art.No. 0982 41

- Rod electrode: E 38 0 RC 11 EN ISO 2560-A
- AWS: A 5.1: E 6013
- Coating: rutile cellulose
- Good weldability in all positions, especially in sloping positions
- Good gap closure
- Suitable for connecting steel to galvanised/plain steel
- Easy slag removal
- Even weld texture
- Good re-ignition
- Highest operating temperature 350°C

Rod Electrode Normal Green

P.Qty. 130

3.2 x 350 mm - Art.No. 0982 325

P.Qty. 220

2.5 x 350 mm - Art.No. 0982 25

- Rod electrode: E42 0 RR12 EN ISO 2560-A, AWS: A 5.1: E 6013
- Coating: rutile
- Good weldability in all positions
- Good re-ignition
- Easy slag removal
- Clean weld texture
- Suitable for welded joints in steel construction, vehicle construction

Weld Spray Perfect 400 ml

P.Qty. 1/12

Art.No. 0893 102 100

Biological welding protection spray for aluminium, construction steel, non-ferrous metals, stainless steels and welding torch nozzles.

- Silicone free
- Solvent free
- Harmless when subsequently galvanizing and painting

Angle Magnet

P.Qty. 1

Art.No. 0691 180

Magnetic angle fixer for fast holding and fixing during welding and soldering work and as a work aid.

- Accurate joining of flat, curved or round metal components
- Replaces "second man" during assembly, saving working time and costs
- Simple removal by tilting to the side.
- The magnetic angle fixer offers the following angles: 30°, 45°, 75° and 90° (see picture). Other options: 105°, 120° and 180°

Portable Welding Protection Screen

Equipped with welding protection curtain.

- Suitable for arc welding in line with EN 1598
- Translucent orange welding protection curtain
- Extremely stable base frame made from square tubing (30x30 mm)
- Dimensions: Wall: W x H: 200 x 190 cm Curtain: W x H: 205 x 180 cm

P.Qty. 1

Art.No. 0984 770

High Temperature Protective Blanket - HTD 550

P.Qty. 1

Art.No. 0984 350 51

To prevent personal injuries.

- Size 1000 x 2000 mm

Ignition Gun

P.Qty. 1

Art.No. 0984 017 9

For welding and cutting torch.

Welding Pliers

P.Qty. 1

Art.No. 0984 500 120

Tool for manipulating the consumable parts of MIG torch necks.

- Tighten and remove gas cups
- Remove spatter from the nozzle by hammering
- Tighten and remove contact tips
- Cut and pull MIG wire

S9 WELDING & GRINDING HELMET

P.Qty. 1

Art.No. 0984 743 100

The S9 welding helmet has many advantages: Combined welding and grinding helmet, lightweight and slimline design, robust shell, integrated side windows. The S9 also incorporates a large clear visor for perfect vision during grinding tasks.

- Ideal for all applications using a variety of welding processes
- Automatic or manual mode
- For automatic adjustment of protection level or manual adjustment to the current arc intensity
- Ergonomically designed helmet shell: protects the forehead, crown, ears and neck perfectly.
- Lightweight and extremely comfortable
- Smoke-repellent design
- Protects against weld spatter and heat and protects during overhead welding
- Comfortable four-way adjustable headband (height, width, angle and longitudinal direction)
- Padded anti-sweat headband
- Standards: EN 166 B, EN 175 B, EN 379, DIN 4-13

LU Cleaner

P.Qty. 1/12

500 ml - Art.No. 0890 108

P.Qty. 6

1 Ltr - Art.No. 0890 109 100

- All-purpose cleaner
- Loosens dirt, grease, oils, paint, resins, adhesives and asphalt.
- Caution: Test rubber and plastic parts for compatibility prior to spraying. This cleaner can attack paint finishes.

Anti Corrosion Zinc 300 Paint 500 ml

P.Qty. 1/6

Art.No. 0892 200

Provides permanent protection against corrosion.

- Can be painted over
- Excellent corrosion protection
- Appearance: Hot-dip galvanised
- Temperature-resistant up to approx. 300°C

PRODUCTION

Cutting & Sawing - Surface Preparation - Drilling, Milling & Tapping - Power Tools - Welding - **Painting & Protection** - Packing & Transport

2ply Blue Roll

P.Qty. 2

Art.No. 0899 900 401

- Very absorbent
- Suitable for all common dispenser systems
- Sheet length x sheet width: 36.5 x 36.5
- Number of sheets: 1000
- Number of plies: 3
- Length of roll: 365m

Zinc Spray Perfect 400 ml

P.Qty. 1/12

Art.No. 0893 114 113

Outstanding long term protection and optimum metal surface appearance.

- Spot weldable
- Good coverage
- Optimum weathering protection
- High degree of wear resistance
- High degree of resistance to running
- High layer thickness in first spray pass
- Adjustable spray head to control coverage
- 500 hours corrosion protection tested in accordance with DIN

Zinc Light Spray 400 ml

P.Qty. 1/12

Art.No. 0893 114

- Optimum bright zinc metal surface appearance.
- Protects against rust

Zinc Light Perfect Spray 400 ml

P.Qty. 1/12

Art.No. 0893 114 114

Outstanding long-term protection and optimum bright zinc metal surface appearance.

- Spot weldable
- Good coverage
- High degree of wear resistance
- High degree of resistance to running
- High layer thickness in first spray pass
- Adjustable spray head to control coverage
- 250 hours corrosion protection tested in accordance with DIN

Rust Stop Primer Spray 400 ml

P.Qty. 1/12

White grey - Art.No. 0893 210 1

Red brown - Art.No. 0893 210 2

Outstanding long-term protection and optimum bright zinc metal surface appearance.

- Quick drying
- Temperature-resistant up to 80°C, short-term resistance up to 140°C
- Adheres to aluminium, plain and galvanised metals, steel, old paintwork etc.
- Active corrosion protection and primer with good adhesive properties on a broad range of substrates, including in conjunction with PU and MS polymer sealing compounds

Black Matt Spray Paint 400 ml

P.Qty. 1/24

Art.No. 0893 329 005

- Durable nitro-alkydal quality paint
- Quick-drying paint resin
- Formula does not contain heavy metals
- Can be coated with all common primers, filler products and paint types

Phosphate Primers 5 Ltr

General purpose, high build primer for steel.

- Low sheen
- Long shelf life
- Quick drying: touch dry in 20mins., fully dry in 1 hour
- Good coverage: approx. 5.3m² per litre at 75 microns

1 Red oxide

100 mm Roller Frame

P.Qty. 1

Art.No. 0693 012 185

Min./max. width of roller: 100-150 mm

Medium Pile Roller 100 mm

P.Qty. 10

Art.No. 0693 011 1

- Low lint
- 12 mm pile
- Even finish
- Shape retaining
- Solvent resistant
- Long service life
- Fibres have excellent re-fluffing properties
- Excellent absorption and application of paint

Foam Roller 100 mm

P.Qty. 10 / 50

Art.No. 0693 011 400

For high quality top coats.

- Micro crater foam
- Spreads paint evenly
- Excellent quality top coat
- No air bubbles form during rolling
- One tool for applying and smoothing finishing
- Outstanding absorption and application of paint

PAINTING TO PROTECT

Paint Brush Set 12 - 63 mm

P.Qty. 1

Art.No. 0693 042 956

Set of 5 nylon paint brushes suitable for most paints.

- With plastic handle
- Contains one of the following brushes: 12mm, 25mm, 38mm, 50mm and 64mm

Paint Roller Set 100 mm

P.Qty. 1

Art.No. 0693 010 101

Includes: Tray, roller frame, foam roller and long pile roller.

INSTALLATION & ERECTION

Tools - Anchoring - Assembly

PPE

Head Protection - Hearing Protection - Face and Eye Protection - Respiratory Protection - Hand Cleaner - Gloves - Body and Foot Protection - First Aid

Stainless Steel Spray Perfect 400 ml

P.Qty. 1/12

Art.No. 0893 114 116

Outstanding long-term protection and optimum metal surface appearance

- Good resistance to running
- High abrasion resistance
- Spot welding possible

High layer thickness in first spray pass

- High degree of safety thanks to optimum weathering protection
- Minimum amount of time spent, as only one operation is required
- Good coverage

Versatile use with adjustable spray head

Large area and minor repairs can be carried out quickly and reliably with the variable spray head.

Stainless Steel Power Cleaner 500 ml

P.Qty. 1/12

Art.No. 0893 121 2

Special cleaning fluid for pre-cleaning metal surfaces. NSF-certified.

- Gentle on materials
- Biodegradable > 95%
- Powerful removal of oil and grease
- Tested for use in food-contact areas
- Does not attack paint, rubber, plastics or seals
- Contains no phosphates, organic solvents or caustic substances

Stainless Steel Care Spray 400 ml

P.Qty. 1/12

Art.No. 0893 121

Cleaning care emulsion for metallic surfaces.

- Can be used on vertical surfaces
- Nurturing, creamy emulsion with cleaning effect
- Dirt, cleaning and wiping marks and greasy, oily finger prints are thoroughly removed

Stainless Steel Care Oil 400 ml

P.Qty. 1/12

Art.No. 0893 121 0

Quick visual enhancement of metallic surfaces.

- Quick and easy to apply
- Nurturing and protective oil
- Produces an even, glossy surface
- Tested for use in food-contact areas
- Removes light soiling, dust, cleaning marks and greasy finger prints
- Water-repellent protective film prevents surface from becoming soiled
- Can be used in food-processing operations such as commercial kitchens, cafeterias, abattoirs etc

Safety Knife

P.Qty. 1

Art.No. 0715 66 013

- Automatic blade retraction with retraction spring
- Blade change in seconds and no tools required thanks to magnetic holder

Packing Tape Dispenser

P.Qty. 1

Art.No. 0985 052 005

- Retractable blade with protective cover protects against injuries
- Ergonomic soft grip for user-friendly and easy handling
- Adjustable roller brake for simple application

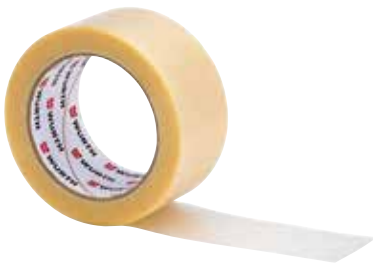

Transparent Shrink Wrap

P.Qty. 6

Art.No. 0992 900 320

- Width: 615 mm
- Length: 500 m
- Foil thickness: 35 µm

PVC Packing Tape

P.Qty. 1/6

Art.No. 0985 050

High degree of longitudinal tear resistance and lateral flexibility

- Can be unrolled quietly
- Protects against wet and damage
- Slightly textured
- High degree of adhesion
- Width: 50 mm
- Length: 66 m

PP Packing Tape

P.Qty. 6

Art.No. 0985 050 2

- Standard packing tape
- High resistance to tearing
- Can be unrolled quietly
- Solvent-free
- Colour: Brown
- Width: 50 mm
- Length: 66 m

Packfix Black Packaging Film

P.Qty. 6

Art.No. 0992 900 220

For fast packing without cutting and adhesive residues.

- No adhesive residue
- Good moulding capability
- Quick to tear off
- Recyclable PE film
- Width: 500 mm
- Length: 270 m
- Foil thickness: 20 µm

INSTALLATION & ERECTION

Tools - Anchoring - Assembly

PPE

Head Protection - Hearing Protection - Face and Eye Protection - Respiratory Protection - Hand Cleaner - Gloves - Body and Foot Protection - First Aid

Lifting Strap

P.Qty. 1

Art.No. 0713 50 704

- In accordance with DIN-EN 1492-1
- Reinforced crane straps from high-strength polyester
- Flat woven fabric, crane straps on both sides
- Various slinging methods possible
- Protects the surface
- Much lower risk of injury than from conventional slinging gear
- Usable length: 4 m

Width of band: 60 mm

Load-bearing capacity (single direct): 2000 kg

Load-bearing capacity (single u-shape): 4000 kg

Load-bearing capacity (single noosed): 1600 kg

Tape Dispenser

P.Qty. 1

Art.No. 0899 615 000

- For warning tape
- Unloaded

SAFE & SECURE

Ratchet Lashing Belt With Standard Ratchet

P.Qty. 1

4 Tonne 9.5m -

Art.No. 0713 921 954

2 Tonne 6m -

Art.No. 0713 92 332

- Polyester lashing belts
- Pressure ratchet
- 4000 daN
- 2000 daN - straight pull

Red & White Warning Tape

P.Qty. 2

Art.No. 0899 615 002

To close off, secure and mark hazard zones, construction sites, construction pits, plots of land, paths etc.

- Extremely resistant to tearing
- Blocked red/white on both sides
- PVC and heavy metal free
- Width: 80 mm
- Length: 500 m

Yellow & Black Adhesive Warning Tape

P.Qty. 1

Art.No. 0812 44 650

- Soft PVC
- Abrasion-resistant and elastic carrier material
- Adheres even to uneven surfaces
- Length: 33 m
- Width: 50 mm

Red and White Warning Marking Adhesive Tape

P.Qty. 1

Art.No. 0812 44 651

- Soft PVC
- Abrasion-resistant and elastic carrier material
- Easy to use
- Adheres even to uneven surfaces

PREPARATION

Measuring & Marking

Dot & Line Laser PLL 11

P.Qty. 1

Art.No. 5709 300 220

Self-levelling dot and line laser for indoor and outdoor use with highly visible laser lines and laser dots.

Self-levelling

Switch on the device, set up and start work. Levelling takes just seconds, achieving great time savings.

One-button operation

The dots and lines are activated/deactivated with a single button.

Pulsed laser lines

Laser lines can be pulsed at the touch of a button. Enabling the line to be localised outdoors using a hand-held receiver (LLE 11), even across long distances.

Fail safe with levelling monitoring

If the self-levelling range is exceeded, the laser lines flash.

Laser pendulum lock for transport

Can be fastened on the tripod, wall or on metallic surfaces with it's strong magnets.

PRODUCTION

Cutting & Sawing - Surface Preparation - Drilling, Milling & Tapping - Power Tools - Welding - Painting & Protection - Packing & Transport

Crowbar

P.Qty. 1

Art.No. 0714 63 47

- Special tool steel - Long service life
- Hardened working ends - Low wear
- Red powder coated
- Hexagon shank
- Length 600 mm

Magnetic Spirit Level 100 cm

P.Qty. 1

Art.No. 0714 644 310

- Rugged design with strong magnets
- High accuracy
- Very smooth, easy-clean surface
- Excellent reading and long service life
- Very strong magnets, non-slip on metallic surfaces
- Fluorescent level liquid, highly-resistant to UV radiation
- Sturdy light metal profile, rectangular profile with milled measuring surface

Bond+Seal - Structural Adhesive

P.Qty. 1/12/24

Grey - Art.No. 0890 100 2

Black - Art.No. 0890 100 3

White - Art.No. 0890 100 1

Elastic PU adhesive and sealant for a wide range of applications.

- Not corrosive
- Odourless
- Silicon-free
- PU adhesive
- Container: 300 ml Cartridge

Universal application

Outstanding adhesive strength on a wide range of materials and surfaces.

Approved for use with foodstuffs (ISEGA certificate)

- Harmless to health in hardened state
- Suitable for gluing and sealing in food processing areas

The elasticity allows expansion of different materials

- Absorbs vibrations and sounds
- Also ideal for large surfaces
- Can be painted (perform preliminary tests to check paint compatibility)
- Can be mechanically machined

Don't forget a cartridge gun

Art.No. 0891 000

INSTALLATION & ERECTION

Hammer Drill Bit Duo S Vario - 6.5 x 210 mm

P.Qty. 2

Art.No. 0648 556 521

- Aggressive 2 cutter head, centring point and vario spiral conveyor with core reinforcement for a significantly improved drilling speed
- Suitable for SDS Plus shank

Hammer Drill Bit Quadro L Vario - 16 x 210 mm

P.Qty. 1

Art.No. 0648 051 621

The perfect solution when faced with reinforcements and hard materials. Optimised, symmetrical, one piece head with four cutting edges and Vario spiral conveyor with core reinforcement.

- Quick drilling
- Constant over the drills service life
- The special self centring tip enables precise spot drilling
- Significantly improved compatibility with reinforcements
- Suitable for SDS Plus shank

CHEMICAL ANCHOR GUN 420 ML

P.Qty. 1

Art.No. 0891 450 10

All Round Vinylester Chemical Anchor WIT-VM 250, 420 ml

P.Qty. 1/12

Art.No. 0903 450 205

Individual attachment in cracked and non-cracked concrete, masonry, and reinforcement attachment with subsequent mortaring

- 2-C reaction resin mortar, vinylester, styrol-free
- Individual attachment in cracked and non-cracked concrete: Anchor rod W-VD-A, commercially available threaded rod with acceptance test certificate 3.1
- Individual attachment in masonry: Anchor rod WIT-AS, internally-threaded sleeve WIT-IG, sieve sleeve WIT-SH
- Reinforcement attachment with subsequent mortaring
- European Technical Approval

WIT-PE 500 Chemical Anchor Mortar 385 ml

P.Qty. 1/12

Art.No. 0903 480 001

Individual attachment in cracked and non-cracked concrete and reinforcement attachment with subsequent mortaring.

- 2-component reactive resin mortar, styrene-free pure epoxy
- Individual attachment in cracked and non-cracked concrete: Anchor rod W-VD-A, conventional threaded rod with acceptance test certificate 3.1
- Reinforcement attachment with subsequent mortaring (REBAR)
- Cartridges can be used up to expiration of the best before date by replacing the mixer nozzle or by being closed again with sealing cap.

Approvals: ETA-09/0040, ETA-07/0313, DIBt Z-21.8-1834

Chemical basis: Pure-Epoxy, styrene free

Contents: 385 ml

Anchor Rod W-VD-A/S BZP

P.Qty. 1/10

M10 x 130 mm - Art.No. 5915 110 130

- Anchor rod for W-VD cartridge systems and WIT injection systems.
- Galvanised steel
- Other sizes available

Anchor Rod W-VD-A/A4

P.Qty. 10

M10 x 130 mm - Art.No. 5915 210 130

- Anchor rod for W-VD cartridge systems and WIT injection systems.
- A4 stainless steel
- Other sizes available

Concrete Screw With Hexagon Head W-BS/S BZP

P.Qty. 25

M10 x 100 mm - Art.No. 5929 121 045

Individual attachment in cracked and non-cracked concrete. Multiple attachment in concrete and hollow-core pre-stressed concrete ceilings. Approved for adjustments after installation.

- High load-bearing capacities
- Very quick and easy to install
- No installation torque required
- Immediate load-bearing capacity – no waiting
- Virtually no expansion effect, enabling minimal axis and edge distances to be maintained
- Fastening can be adjusted up to twice after installation - (Sizes 8 - 14), for example in order to align railings or anchor plates (please refer to the assembly guide in the approval or the enclosed leaflet)
- Other sizes available

High Performance Anchor With Threaded Bolt W-HAZ-B/S BZP

P.Qty. 25

M10 x 121 mm - Art.No. 0905 215 103

For individual attachment in cracked and non-cracked concrete.

- High load-bearing capacities
- Time-saving push-through installation
- Immediate load-bearing capacity – no waiting
- Torque-controlled expanding galvanised steel anchor
- Other sizes available

INSTALLATION & ERECTION

Fixing Anchor W-FA/S BZP

P.Qty. 25

M12 x 110 mm - Art.No. 5932 012 110

For individual attachment in non-cracked concrete.
Galvanised steel.

- Time-saving push-through installation
- Immediate load-bearing capacity – no waiting
- Torque-controlled expanding galvanised steel anchor
- Two anchorage depths – wide range of applications
- European Technical Approval
- Other sizes available

Fixing Anchor W-FA/A4 Stainless Steel A4

P.Qty. 50

M10 x 90 mm - Art.No. 0904 411 003

For individual attachment in non-cracked concrete and for multiple attachment in cracked and non-cracked concrete (M6). Stainless steel A4.

- Time-saving push-through installation
- Immediate load-bearing capacity – no waiting
- Torque-controlled expanding stainless steel A4 anchor
- Two anchorage depths – wide range of applications
- European Technical Approval
- Other sizes available

Wedge Anchor

P.Qty. 50

M10 x 40 mm - Art.No. 0904 010 10

Galvanised steel. Individual attachment: Non-cracked concrete. Multiple attachment: Cracked and non-cracked concrete.

- Small drill hole depth
- High load-bearing capacities
- Visual setting check and hand protection when installing with the marking/spreading tool
- Mechanical setting tool makes installation quicker and easier
- Immediate load-bearing capacity – no waiting
- Attached part can easily be removed at any time
- The attached part can be anchored with a fastening screw or a threaded rod
- No installation torque required
- Other sizes available

WEDGE ANCHOR SETTING TOOL

M10 Setting In Tool For Wedge Anchors

P.Qty. 1

Art.No. 0904 022 10

- For setting in wedge anchors, with visual setting check
- For simple and convenient setting. Hand guard provides optimal protection in the case of off-target impacts

Battery-Powered Impact Screwdriver ASS 18- 1/2" HT

P.Qty. 1

Art.No. 0700 725 5

Very powerful and ergonomic battery-powered impact screwdriver with high torque Suitable for screwdriver diameters up to max. M20.

Max. 610 Nm torque

- Overload protection - Minimises the risk of overload damage to machine or battery.
- Four-pole motor - Similar to all-wheel drive, better power distribution than with conventional two-pole motor. Maximum performance with optimal cooling.

Includes

- 2 high powered 4Ah Lithium-ion batteries with charge indicators
- Charging unit
- Storage case!

Note:

Don't forget a converter plug!
For your charging unit (Art. No. 0702 177 06)

3/8" Inch Torque Wrench

P.Qty. 1

Art.No. 0714 71 21

- With switchover square drive, fine-toothed ratchet head (72 teeth)
- Accuracy of $\pm 3\%$ to the set value, in accordance with DIN EN ISO 6789:2003
- Simple and precise setting by turning the handle
- Scaling in Nm and also in pound force per square foot
- Acoustic and tangible torque triggering prevents over-tightening of bolts
- Anti-slip 2-component handle
- With calibration certificate
- Supplied in plastic box

Technical Information

External drive: 3/8 inch

Min./max. torque measuring range: 20-100 Nm

Min./max. torque measuring range (inches): 15-80 lbf.ft

Length: 350 mm

Long 19 mm Socket Wrench

PROTECT YOURSELF & YOUR EMPLOYEES' EYES

95% of all safety glasses are only designed to stop material travelling at F 45m/s

Safety glasses and goggles that are rated F 45m/s are NOT suitable for cutting and grinding.

115 mm and 230 mm cutting and grinding discs spin at 80m/s

The only suitable safety goggles & face shields for cutting and grinding are rated B 120m/s

Polycarbonate Face Shield

P.Qty. 1

Art.No. 0899 101 202

Perfect protection for grinding and cutting work, as well as against dripping or splashing liquids

- Maximum safety combined with optimum comfort
- Changeable lens
- EN 166 and EN 170
- Rated: B (120m/s)
- Spare lens: Art.No. 0899 101 203

Andromeda Full Vision Goggles

P.Qty. 1

Art.No. 0899 102 110

- Panoramic view
- Changeable lens
- Highly impact resistant polycarbonate lens
- EN 166 and EN 170
- Rated: B (120m/s)
- Spare lens: Art.No. 0899 102 111

Exor Safety Goggles

P.Qty. 1/10

Art.No. 0899 107 40

- Provide a 180° field of vision
- Exceptionally light and comfortable
- EN166 F 45m/s

INSTALLATION & ERECTION

Red - Art.No. 0993 899 123

Yellow - Art.No. 0993 899 120

White- Art.No. 0993 899 121

Head protection for professionals

- Projection-free interior - To avoid puncture loads upon impact
- Lengthened protection zone in the neck area
- Ventilation area totalling 240 mm²
- 5-fin design
- Offset head strap
- Large side surfaces

Ear Plugs X-100

P.Qty. 200

Loose - Art.No. 0899 300 336

Pairs In Polybags - Art.No. 0899 300 331

Ergonomic, cone-shaped disposable ear plugs for use in extremely noisy environments.

- Very good insulation
- Excellent speech clarity
- Very comfortable to wear, thus easily accepted
- Closed surface prevents foreign bodies and dirt particles from penetrating the ear plug

X depression offers a host of advantages

- Reduces the contact pressure at the ear canal opening
- Gentle, optimum adaptation to the ear canal
- Quick and easy proper insertion
- Easy to remove the ear plugs

Technical Information

- SNR attenuation value: 37 dB
- L attenuation value: 34 dB
- M attenuation value: 34 dB
- H attenuation value: 36 dB

Dispenser

P.Qty. 1

Dispenser - Art.No. 0899 300 335

Refills - Art.No. 0899 300 336

- Easy filling
- Simple wall mounting
- Can contain up to 400 pairs of ear plugs
- Catch shelf prevents the plugs from falling to the floor
- Grid rotation system prevents multiple plugs from falling out

Hand Cleaner 4 ltr

P.Qty. 1

Art.No. 0893 900 099

Hand cleaner for medium to heavy soiling with natural exfoliating particles.

- Dermatologically tested
- PH-neutral and soap-free
- Improved lipid-replenishing effect
- Gentle on the skin - Protects and nourishes
- High proportion of substances with prophylactic effect prevent skin irritation
- Biodegradable
- Alkali-free and silicone-free

Dispenser Art No. 0891 901

Hand Wipes 72 pcs

P.Qty. 1/6

Art.No. 0890 900 72

For thorough and fast cleaning of most surfaces without the need for water, soap or a brush.

- Ideal for mobile, every-day use
- Thorough and gentle at removing even the heaviest types of soiling such as oils, greases, adhesives, paints, tar and lubricants

Split Cowhide Leather Glove

P.Qty. 1/12

Art.No. 0899 400 251

- Robust work glove from split leather
- Backs of hands made from heavy cotton fabric
- Knuckle guards and fingertips made from split leather
- Rubberised cuffs
- Double-stitched
- Cotton half-lining
- Good resistance to abrasion and cuts
- EN 388, 420
