ACCESSORI DI UNIONE

BINDING ACCESSORIES

• La nuova famiglia di profili Gola incorpora diversi supporti ad unione, adattabili alle esigenze di ogni cliente tramite pressione o avvitamento. Questi supporti sono validi sia per il lato destro che per quello sinistro.

• The new Gola family of profiles is characterised by the incorporation of different connecting support brackets adapted according to the needs of each customer, by pressure or direct screwing. These brackets are valid for both the right and the left side.
